Join us for a wonderful day out with a journey through beautiful Somerset and around the beautiful Devon coast with time available to discover the many charms of the 'English Riviera' for an afternoon sightseeing break of around three hours in the seaside resorts of either Torquay or Paignton.

Travelling alongside the stunning Exe Estuary past Powderham Castle there are magnificent views across to the Jurassic coast as our train takes the exciting sea wall line racing through tunnels and cuttings of red rock and along beaches and coves at Dawlish with the sea keeping company all the way to Newton Abbot.

There is a choice of two destinations in which to relax before our return in the late afternoon.

Torquay – One of Britain's top tourist resorts and a jewel in the English Riviera's crown made popular by the Victorians with sparkling white Villas perched on verdant hilltops overlooking pure sandy beaches and an azure sea it matches anything you'll find on the French Riviera. There are beautiful gardens and a palm tree lined promenade leading to a lively harbour and international marina with an abundance of pavement cafés, pubs, shops, and quality restaurants.

Paignton – With gorgeous long sandy blue flag beaches, paddler friendly waters, a traditional pier and seafront alive with holiday fun there is no shortage of things to do, alternatively take a steam train ride (payable locally) along one of the most idyllic stretches of coastline in the country and through the woodland estate once owned by Agatha Christie to the riverside station at Kingswear.

This special tour includes a journey over the entire majestic route of the famous Settle to Carlisle railway, with great limestone peaks and deep valleys we travel over viaducts and through tunnels on this masterpiece of Victorian engineering - including the famous Ribbleshead Viaduct. Following a break in the historic border city of Carlisle our journey continues along the scenic Tyne Valley line.

Our train heads into the Yorkshire Dales for a spectacular journey over the magnificent high Pennines. The sheer scale of the scenery is apparent as we pass such famous landmarks as Ribbleshead Viaduct with stunning views of the three peaks. One magnificent sight follows another before we gradually descend into the tranquil Eden Valley and the border city of Carlisle for a break of around two hours.

We return along the 58-mile Tyne Valley as the railway follows the course of the beautiful River Tyne through Hexham and offers distant views of Hadrian's Wall before joining the East Coast line as we travel through historic Durham and York.

This is a day tour to the beautiful West Country as our train travels through Bristol and the Somerset Levels onto the preserved West Somerset Railway – the longest heritage line in Britain, for a journey through the beautiful rolling Quantock Hills and along the Exmoor coast offering stunning views across the Bristol Channel.

There will be an afternoon sightseeing break in either historic Dunster or the popular seaside resort of Minehead.

At Taunton we join the picturesque West Somerset Railway for a journey over the full length of the line passing Apple Orchards and sleepy country stations – travelling along the coastline we stop at Dunster where you may alight and take a 20 minute walk to visit the medieval village with its historic buildings, packhorse bridge, ancient Mill, tea rooms and Priory Church – towering above the village is Dunster Castle dating back to Norman times and now in the care of the National Trust.

Or continue to the popular seaside resort of Minehead with the station situated right on the promenade and pretty harbour only a short stroll away. There are cafes, tea rooms and restaurants in abundance and with picturesque coastal walks there is plenty to do during the two-hour afternoon break.
