Our destinations stretch from Penzance to Loch Lomond, and we offer both delightful day trips and unforgettable weekends away.

ONBOARD

The Midland Pullman was Britain's first luxury high speed diesel-electric train running in the early 1960's between Manchester Central and London St Pancras, offering the best possible at seat deluxe service and is remembered for the trains striking Nanking blue livery, white jacketed stewards, and impeccable customer service – To celebrate the 60th anniversary of this iconic train we are honoured to present our own refurbished high speed train as a faithful revival.

Our restored HST (High Speed Train) is now 46 years old and is the only one in preservation capable of speeds up to 125mph on the main line - we proudly offer day and weekend tours throughout Britain to enticing destinations and over routes, many of which, never experienced these magnificent trains when they were in daily service.

This special tour includes a journey over the entire majestic route of the famous Settle to Carlisle railway, with great limestone peaks and deep valleys we travel over viaducts and through tunnels on this masterpiece of Victorian engineering - including the famous Ribbleshead Viaduct. Following a break in the historic border city of Carlisle our journey continues along the scenic Cumbrian coastal line.

Our train heads into the Yorkshire Dales for a spectacular journey over the magnificent high Pennines. The sheer scale of the scenery is apparent as we pass such famous landmarks as Ribbleshead Viaduct with stunning views of the three peaks. One magnificent sight follows another before we gradually descend into the tranquil Eden Valley and the border city of Carlisle for a break of around two hours.

We return around the longest and most scenic coastal line in England - the beautiful twisting Cumbrian coast route hugs the coastline offering spectacular views across the Solway Firth and towards the Isle of Man, passing historic Whitehaven, pretty Ravenglass and around Morecambe Bay with the background of the Lake District Mountains aglow with the setting sun.

Join us for a wonderful day out with a journey through beautiful Somerset and around the stunning Devon coast with time available to discover the many charms of the 'English Riviera' for an afternoon sightseeing break of around three hours in the seaside resorts of either Torquay or Paignton.

Travelling alongside the stunning Exe Estuary past Powderham Castle there are magnificent views across to the Jurassic coast as our train takes the exciting sea wall line racing through tunnels and cuttings of red rock and along beaches and coves at Dawlish with the sea keeping company all the way to Newton Abbot.

There is a choice of two destinations in which to relax before our return in the late afternoon.

Torquay – One of Britain's top tourist resorts and a jewel in the English Riviera's crown made popular by the Victorians with sparkling white Villas perched on verdant hilltops overlooking pure sandy beaches and an azure sea it matches anything you'll find on the French Riviera. There are beautiful gardens and a palm tree lined promenade leading to a lively harbour and international marina with an abundance of pavement cafes, pubs, shops, and quality restaurants

Paignton – With gorgeous long sandy blue flag beaches, paddler friendly waters, a traditional pier and seafront alive with holiday fun there is no shortage of things to do, alternatively take a steam train ride (payable locally) along one of the most idyllic stretches of coastline in the country and through the woodland estate once owned by Agatha Christie to the riverside station at Kingswear where it's a short ferry crossing to historic Dartmouth.
